As stated in the Decree of the Director General of ANCI Toscana No. 94 of 18 April 2024, the lists of proposals admitted (Table 1) and not admitted (Table 2) to the evaluation process are published below.

LIST OF ELIGIBLE PROPOSALS

ORGANISATION NAME	TITLE OF THE PILOT PROJECT	COUNTRY
IARTC - International Agricultural Research and Training Center	Refarm4Adapt: Regenerative Farming Practices for Tailoring Farmer Adaptation in Menemen Plain, Türkiye	Turkey
University of Almería	Building Resilience: A Transdisciplinary Approach to Soil Conservation in Abla, SE Spain	Spain
Municipality of Podenzano	ECO-PODHSOIL - ECOsystem skills for PODenzano Healthy SOILs	Italy
University of Extremadura	EcoJerte-HUMUS	Spain
University of Valencia	Real Green Urban Spaces – Testing a participatory evidence-based approach to mitigate the pollution of the urban green spaces soils.	Spain
Centro de Investigación y Tecnología Agroalimentaria de Aragón	AgriSosTe: Sustainable management of agricultural soils in Teruel	Spain
Monachil City Council	CYCLE: giving to soil what we took from it	Spain
Instituto Nacional de Investigação Agrária e Veterinária, I.P. (INIAV) – Polo de Inovação de Dois Portos / Estação Vitivinícola Nacional	Healthy Soils @Torres Vedras (Acronym: Soil@TV)	Portugal
Ayuntamiento de Alzira	Experimental farms and identification of barriers for the adoption of innovations in soil heath in the Valencia Region	Spain
Consiglio per la ricerca in agricoltura e l'analisi dell'economia agraria (CREA)	A soil deal for Rome: setting a city Soil Hub towards the definition of a new living lab for the metropolitan area (Rome Soil Hub)	Italy
Municipality of Allerona	Soil reGeneration (Acronym: Soil reGen)	Italy
CEA Centro de Estudios Ambientales de Vitoria-Gasteiz	Restoring soil health through regenerative food systems	Spain

University of Sarajevo - Faculty of Agriculture and Food Sciences (PPF)	Assessment of the risk of diffuse pollution of agricultural land in the area of the Živinice Municipality	Bosnia and Herzegovina
Metropole Europeenne De Lille	REVALS - (RE)veal and (V)alorise (L)ife of (S)oils	France
Institute of BioEconomy, National Research Council, (CNR-IBE)	SCOOP. Soil COnnecting peOPle	Italy
Institute of Feed Research and Agriculture of Podillya the National Academy of Agrarian Sciences of Ukraine	Enhancing the ability to monitor soil health of agricultural land leased by its owners for intense agricultural	Ukraine
Seinäjoki University of Applied Sciences	Soil Health HuMUS Kurikka	Finland
BOKU University of Natural Resources and Life Sciences	City-Zen Humus	Austria
University of Life Sciences in Lublin, Poland	Healthy soil – Healthy Soil Chemistry (SOSoil)	Poland
Institute of Field and Vegetable Crops, National Institute of the Republic of Serbia (IFVC)	SYNTROPY - Nurturing Serbia's agricultural resources organicallY for its traNsformaTion towaRds a grOundwork Pro sustainabilitY	Serbia
Municipality of Verona	Bufo: Bio-Monitoring urban forestry, Assessing Soil Invertebrates as Indicators for Effective Intervention	Italy
Municipality of Salvaleón	Local platform for the governance of commonland soils	Spain
The National Scientific Center “Institute for Soil Science and Agrochemistry Research named after O.N.Sokolovsky” (NSC ISSAR)	Prevention and minimization of soil threats within Valky community in Kharkiv region of Ukraine	Ukraine
City of Sinj	VITAL-ECO: Revitalizing Soil, Preserving Ecosystems	Croatia
Mancomunidad Desfiladero Y Bureba	SaECO_Salud Ecosistémica	Spain
Municipality of Grezzana	Circolar4Umus	Italy
Municipality of Idanha-a-Nova	Bionova	Portugal
Municipality of Padua	SAUR - Suoli Agricoli Urbani Rigenerati	Italy
Faculty of Sciences of University of Porto	VHS - Vineyard Healthy Soil	Portugal
Mancomunidad La Canal de Navarrés	Deciding together: promoting soil health through participatory processes for La Canal de Navarrés	Spain
Municipality of Caravaca de la Cruz	Quipar Valley Restoration Project	Spain
Environment Agency Austria (Umweltbundesamt GmbH)	Soil Health Talks	Austria

National University of Science and Technology POLITEHNICA Bucharest	CresConSMin - Increasing stakeholders' awareness of soil contamination because of mining waste storage	Romania
Fondazione Edmund Mach	Roots of Resilience: Strengthening Community for Soil Health of Alpine Meadows	Italy
Krizevci University of Applied Sciences	Designing healthy soil future by cross sectoral dialog	Croatia
Municipality of Generalski Stol	E.A.R.T.H. Enrich Agriculture Rediscover Traditional Heritage	Croatia
IPSANTAREM – Politécnico de Santanarém	Dialogues and solutions to healthy soils. A case in Portugal	Portugal
Municipality of Arroyo de la Luz	Healthy Dialogues: Facilitating Citizen Engagement for Sustainable Management of Dehesa de la Luz	Spain
Občina Prevalje (Municipality of Prevalje)	Potential for the remediation and reclamation of soil contaminated with toxic metals in the municipality of Prevalje for safe productive use	Slovenia
ISPRA - Italian Institute for Environmental Protection and Research	Gorgona Smart Island	Italy
Regulatory Council of the Protected Designation of Origin (PDO) of Montilla-Moriles	SOSALBARIZA: Sustainability of the albarizas in Montilla Moriles: Promotion and Awareness Initiative	Spain
Municipality of Sesto Fiorentino	Healthy Soil in Sesto	Italy
PXL University College	BûjemBoost: Enhancing Soil Governance in Hasselt's Urban Environment	Belgium
Wollo University	Assessment of Soil Contamination in Small-Scale Irrigated Vegetable Production Areas: A Case of Kombolcha Industrial Zone, Ethiopia	Ethiopia
Vestfold Fylkeskommune	Structures for improved soil health in Vestfold County	Norway
Municipality of San Giovanni La Punta	Citiziens for Soil	Italy
University Rey Juan Carlos	RuralReg	Spain
Association du Pays Compiégnois	Sunflower (TourneSOL)	France
INCDCP ICECHIM Filiala Calarasi	Secondary Resources for Healthy Soils	Romania
Municipality of Siena	CiPaS - Con i Piedi al Suolo (With Our Feet On The Ground)	Italy
Centro De Investigaciones Científicas Y Tecnológicas De Extremadura (CICYTEX)	Strengthening Agricultural Resilience in the Jerte Valley: Integration of Soil Health, Nutrients and Water through Local Participation (SARVJ)	Spain

Faculdade de Ciências da Universidade de Lisboa	Urban Soil Regeneration using participatory methods	Portugal
Municipality of / Marktgemeinde Kaindorf	Soil health dialogue in eastern Styria	Austria
University of Molise	MEN-CARB. Involving organic farming to implement appropriate agricultural practices for carbon credit market	Italy
Chamber of agriculture and forestry of Slovenia Institute of agriculture and forestry of Ptuj	HUMUS.si	Slovenia
University of Torino - Agroinnova	SHAPE: Soil Health Assessment and Participatory Engagement	Italy
Gezer Regional Council	Gezer Agricultural-soil regeneration	Israel
Municipality of Lakitelek	LakiTERRA	Hungary
Municipality of Pollica	Medi-Terra	Italy
Czech University of Life Sciences Prague	Roots of Revival	Czech Republic
Slovak University of Agriculture / Faculty of Horticulture and Landscape Engineering (FZKI)	Rooted Resilience: Integrating Small Fruits for Soil Health and Climate Action	Slovakia
Greek Agricultural Organisation, ELGO DEMETER; ΕΛΛΗΝΙΚΟΣ ΓΕΩΡΓΙΚΟΣ ΟΡΓΑΝΙΣΜΟΣ - ΕΛ.Γ.Ο.	Re-think community compost network (RCCN)	Greece
TU Bergakademie Freiberg, Interdisciplinary Ecological Centre, Jun.Prof. Flow and Transport Modelling	SoilPulseX – Living soils for water storage, resilience and erosion mitigation	Germany
Municipality of Nerva	Regeneration of contaminated soil	Spain
Weingut der Stadt Stuttgart – Winery of the city of Stuttgart	Protecting & ecologically upgrading soils for food production in Stuttgart	Germany

Table 1

LIST OF NOT ELIGIBLE PROPOSALS

ORGANISATION NAME	TITLE OF THE PILOT PROJECT
University of Granada	SUSTAINVINE-SOIL
Dio Pigadia	Growing Together: Cultivating Sustainable Soil Solutions and participative dialogue on soil health in Mesochori, Mesinia, Greece – A Permaculture Farm's Proposal for Transformative Dialogue and Action on Soil Health
Global Youth Connect for Sustainable Agriculture	Enhancing Soil Health and Stewardship in Southwest Region Cameroon

Centre of Study, Use and Management of Natural Resources	Sustainable soil management for increased productivity in saline soils of Divjaka Municipatility
NATURBANISME	Soil renaturation – Greater Lyon Area (SR-GLA)
Integrated Water and Environmental Resources Foundation (IWEREF)	Integrated soil fertility management and sustainable soil health for smallholder farming communities in southwest Nigeria
Agri Kulti Nonprofit Ltd.	Farmer-to-Farmer Learning for Soil Stewardship and Soil Literacy
Hohenheim University	MORE (More Organic, Reduce Emission)
Sociedade Portuguesa de Ecologia (SPECO)	Soil Health Intensification through Participatory Practices (SHIPP) – A case study in South Portugal
Center for Study Indonesian Food Anthropology and Social Enterprise Gastro Tourism Academy	GASTRO FORESTRY PROJECT
